

RESPIRE SERVICES AVAILABLE AT ANGLICAN CARE SCENIC LODGE MEREWETHER

With the demand for respite services at an all time high, Anglican Care Scenic Lodge Merewether is pleased to now offer respite services as an addition to their existing low care residential aged care accommodation.

55 rooms, extra services and a spectacular location, makes this facility the very best in aged care in the Newcastle area. The facility is architecturally designed and built to ensure the highest level of comfort and service is available to all residents.

Anglican Care Scenic Lodge Merewether offers respite care for the elderly and a break for their carers.

"We know that care givers face many challenges and we understand how difficult it can be to have an aged or ill family member to care for," said Kylie Jacques, Marketing and Communications Manager at Anglican Care.

"It's a demanding task, and it is easy to neglect your own health and well being when you are providing constant attention and care to your loved ones. Care givers also need time off to enjoy themselves and relieve stress."

Respite care is an essential part of the overall support that families may need in keeping their relative at home. It provides assistance and supervision with personal care, activities, rehabilitation, therapies and support services within the facility.

The quality of care provided at Scenic Lodge is enhanced by the provision of a stimulating lifestyle and wellbeing program that promotes quality of life and enjoyment for all residents based on their personal interests.

Activities include outings to local cultural events, community activities, galleries, shopping centres, music and pet therapy, church and pastoral carer visits, card games, gardening, exercise programs and live entertainment.
