

HAPPY 1ST BIRTHDAY SCENIC LODGE!

Anglican Care's state of the art aged residential care facility, Scenic Lodge Merewether will celebrate its first birthday on Tuesday 11th October with a special luncheon and musical concert for residents, families and staff.

Anglican Care Scenic Lodge Merewether was officially opened in October 2010 by the Governor-General of Australia, Her Excellency Ms Quentin Bryce AC, unveiling a new era of aged care services and facilities in the Hunter region.

"Operating in excess of 50 years, Anglican Care was thrilled to see the vision and mission of so many come to fruition in the form of Scenic Lodge Merewether in October last year," said Anne Maree Hodgson, CEO of Anglican Care.

Twelve months on and the 55 room extra service facility continues to make the most of its spectacular location with residents enjoying views of the Glenrock Recreation Area and Pacific Ocean.

"Anglican Care Scenic Lodge Merewether represents a superior level of aged care living for over 55 residents who seek that little bit of 'extra service' and a level of care that one deserves as they descend into their later years. Our residents enjoy the peace and tranquillity of the facility with excellent care, and a variety of lifestyle and wellbeing options available," she said.

Anglican Care offers a range of innovative facilities and services including residential, community, respite and dementia-specific care, retirement living, day therapy and extra services across the Hunter and Central Coast regions to enhance a quality lifestyle.

2011 has been a successful year for Anglican Care, winning awards for its innovative and practical approach to aged care services, including the 2011 Aged and Community Services Awards for Excellence, 2011 Positive Living in Aged Care Awards, 2011 Hunter Regional Apprenticeship and Traineeship awards, 2011 Hunter Aged Care Achievement Awards and two nationally recognised Better Practice Awards from the Aged Care Standards and Accreditation Agency Ltd.
