**TOPICS: SPINE - CURRENT TREATMENT STRATEGIES OR SPINE MUMBO JUMBO & CHRONIC NON-SPECIFIC LBP: MULTIDIMENSIONAL CLASSIFICATION AND MANAGEMENT A CASE STUDY**

You are invited to join us at our General Practitioner Education Breakfast with special guests Dr Mitch Hansen - Spine & Neuro Surgeon and Natalie Pulsford - Specialist Musculoskeletal Physiotherapist

**Dr Mitch Hansen is an Australian trained Neurosurgeon and Spine Surgeon - Hunter Brain & Spine.**

He has been appointed as a VMO Consultant Neurosurgeon at John Hunter Hospital, John Hunter Children's, Calvary Mater, Lingard Private, Lake Macquarie Private and Newcastle Private Hospitals. Dr Hansen manages all neurosurgical conditions, which include cranial, spinal and peripheral nerve pathologies in both the adult and paediatric populations. This includes such conditions as brain and spinal tumours, aneurysms, hydrocephalus, carpal tunnel syndrome and all spine conditions of any complexity including minimal access surgery.

**Natalie Pulsford is a Specialist Musculoskeletal Physiotherapist and Vestibular Physiotherapist - Pulsford Physio.**

She has expertise in the management of complex musculoskeletal pain presentations including low back pain, radiculopathy, neck pain, whiplash and headache. She works closely with Dr Hansen in the pre and post-operative management of his surgical patients and in providing multi dimensional management of complex patients where surgery is not an option.

This breakfast is a wonderful opportunity for local GP's to come together and hear from these dedicated health professionals. We hope you will join us at Noah's on the Beach, 7.30-9am Thursday 22nd March 2018. Please register by 15/3/18 (with details of any dietary requirements) by emailing [bookings@anglicancare.com.au](mailto:bookings@anglicancare.com.au)
